

crossroads leadership institute
creating a leadership culture in our church and community

To become an effective leader, who can go the distance, there are two primary areas leaders need to develop: CHARACTER and SKILLS. CROSSROADS' Leadership Institute will focus on CHARACTER for the first part of the sessions; using The Real Deal by Dan Webster and practical leadership principles with Keith Boyer. We will break for a healthy snack and then we will focus on developing the SKILLS of an influential leader; using The 21 Irrefutable Laws of Leadership by John Maxwell, The Five Dysfunctions of a Team by Patrick Lencioni, Good to Great by Jim Collins, as well as other leadership resources by Bill Hybels, Ken Blanchard, Steve Sample and Marcus Buckingham.
